

EUROPEAN UNION

Webinar for the 3rd SEMINAR organized within the project „ATCZ190 SAFEBRIDGE“

Date: Wednesday, 30. 06. 2021

Time: 09:30 – 12:00 and 14:00 – 15:00

Location: Zoom Meeting Room

Link: <https://bokuvienna.zoom.us/j/91883115825?pwd=Z09PMFFIOXJqMnhJbkwdzhVOctLUT09>

Target Groups: Infrastructure operators-owners, bridge inspectors, structural designers and analysts involved in the inspection, assessment and recalculation of existing structures, students of civil engineering.

Organisation of the Seminar: The seminar is free of charge and will be held in English. During the seminar, participants will be informed about the theoretical background on degradation processes and how to be introduced in FE models through simple examples. Furthermore, performance indicators of Bridges will also be presented and discussed. For participants, the presentations will be prepared also in Czech/German. Technical Sheets focused on AT and CZ bridge case studies will be provided to the participants as additional material.

Time Schedule:

09:30 – 09:40	Opening of the Webinar
09:40 – 10:20	Degradation Processes
10:20 – 11:00	Examples/applications based on the AT and CZ Case Studies
11:00 – 11:15	Performance Indicators
11:15 – 11:45	Summary of ATCZ 190 SAFEBRIDGE Project Outcomes (Guideline, Reports, Tech. Sheets, etc.)
11:45 – 12:00	Discussion, Closing
14:00 – 15:00	Additional, extensive Discussion on Project Outcomes
